In 1996, Alex and Mira Goldin purchased a factory on 275 Park Avenue in Clinton Hill that once had produced and distributed Tootsie Rolls to merchants across the country. It was deserted. But the Goldins saw potential.

They transformed the space: and today, the building boasts Body by Brooklyn—the stay-all-day spa drawing urbanites over the BQE for luxurious facials, body wraps, and massages. With a state-of-the-art water lounge with Turkish baths, Russian steams and rejuvenating plunge pools, it's also known for its VIP couples' suite. Here's where you come in. Between flutes of champagne and assorted hors d'oeuvres, you'll indulge in a side-by-side massage with your special someone—and follow it with a steam in the private shower. With a dedicated butler service and a bubbling Jacuzzi to keep you warm, we think you might have trouble leaving.

Oh, and we forgot to mention the Red Flower Hammam Treatment—otherwise known as "heaven" as far as we're concerned. After cleansing your city-swept skin with Moroccan mint tea, your highly-trained massage therapist will scrub away dead cells with lemon coffee blossoms and olive stone scrub. Then, it's time for a massage with cardamom amber oil and tangerine fig butter cream. Is it just us, or does this sound good enough to eat?

For Gilt City members, Body by Brooklyn is also offering a one-month membership to their state-of-the-art Hydrotherapy center. Whether you choose to kick back in the Swedish Sauna or detox in the River Rock Russian bath, Turkish Steam Room or Arctic Plunge Pool, you'll emerge feeling brand new—and ready to face the day. Unless you'd rather head over to the Martini Lounge for a post-pampering treat.

An added bonus? With the purchase of any of these offers, you'll enjoy complementary use of the entire spa for a whole day.

AT A GLANCE

On Research

Owners Alex and Mira Goldin visited spa towns in France, Russia and Turkey before opening the day spa in 2006. "As a result, Body by Brooklyn feels like a decadent mix of all three cultures," writes New York magazine.

An Urban Oasis

Designed by architect Moon Kim, Body by Brooklyn is the epitome of industrial chic.

Inspired by the ambiance of Eastern European bath houses, the 10,000 square foot interior is part modern elegance, part utilitarian simplicity, and all luxurious hideaway. Featuring an on-site restaurant as well as a full-service bar and dining area, it has become the premiere destination for day-spa detoxing.

Bath Time Goes Glam

At Body by Brooklyn's celebrated hydrotherapy lounge, you'll indulge in steams, saunas and plunge pools that are said to help flush out the organs and energize the body. The best part? You can customize your lounge experience based on the therapeutic benefits that you desire most. You won't miss the soap.
